Feature: start the program
I need-to start the program
so that I can get access to tools

1   Scenario: must log on

1.1 given   I have an account

1.2 when   I go to log in

1.3 and   fill in user name in user name-field

1.4 and   fill in password in password field

1.5 and   click submit

1.6 then   I should be redirected to dashboard
